²Department of Physics, National Tsing Hua University, Hsinchu 30013, Taiwan

(Received 20 April 2009; accepted 24 April 2009; published online 7 May 2009)

[DOI: [10.1063/1.3137182](https://doi.org/10.1063/1.3137182)]

The label and symbol in Fig. 1(a) were reversed and the correct version of the figure with proper labeling is presented below.

FIG. 1. Real (solid circles) and imaginary (open circles) parts of (a) refractive index and (b) conductivity of the InN film. Solid and dashed lines correspond to the calculated results based on the simple-Drude model. The fitting parameters are listed in Table 1.
